PHILANTHROBEATS

i. CHARITY —————

ii. CREATIVITY, COMMUNITY, COLLABORATION —————

iii. DIVERSITY, INCLUSIVITY, EQUALITY —————

we are PHILANTHROBEATS.

We believe in the Arts as a means of social inclusion. We believe that art and music events are good for more than simply driving profit.

We believe that such events can and should be utilized in order to promote goodwill.

We believe that these mediums are powerful vehicles for fundraising, promoting a good cause and communicating a message.

We seek to provide a platform which expresses the creative potential of the Glasgow community.

We seek to harness this creative potential in order to promote:

- cross-demographic participation in the arts.
- awareness of local and international issues
- community development, diversity and a sense of citizenship in Glasgow and the surrounding areas.
- the development of skills for those who want/need it.

We believe that the aims of PB can be achieved through collaboration and inclusivity.

We prioritise equal opportunities for membership and participation.

As an organisation, we operate without hierarchy or prejudice.

We believe that everybody has something to offer. We ensure that anybody who is willing to contribute is able to.
